

ALICE WIRE PULLER - ref.: ALICE

Simplifies a difficult technique for KW 0.8 mm to 2 mm.

- Guaranteed for 5 years
1 year for the jaws.
- Stainless steel.
- Copyright ©

Wire cutter: 1.2 mm Ø max

Length: 16,5 cm - Weight: 116 g

ALICE cuts by shearing (like a cigar cutter) and not by crushing. As a result, the cutting surface on the end of the pin is clean and burr-free, unlike the surface with standard cutting instruments.

Stripped lower jaw with "V" shape groove.

To crimp KW protection tips.
